LEARN MORE ABOUT THE 80 LVP

Model	**80 LVP**
Working Width (cm/”)	80 / 31.5
Chassis Material	Steel
Drive	PRO 3 Speed
Drive Speed (km/h)	2.7 / 3.1 / 4
Impeller	Heavy Duty Steel
Engine Model	WEIBANG X200H (Loncin)
Collector (L)	240 - Inc Dust Cover & Air Vents
Vacuum Hose	3m / 5” diameter
Working Heights	13-100mm (8 Position)

80 LVP KEY FEATURES -

- 31.5” / 80cm Working Width
- Heavy Duty Steel Impeller
- PRO 3 Speed Aluminium Gearbox
- Central Height Adjustment
- Includes 3m / 5” Diameter Vacuum Hose
- WEIBANG 196cc Engine (X200H)
- Quick Folding Handles
- 240L Zipless Collector with Dust Cover
- Heavy Duty Castor Wheels

INTREPID HIGHLIGHTS

PROFESSIONAL LEAF & LITTER VACUUM

80 LVP

WEIBANG®

NEW COMMERCIAL LIVERY

The Intrepid range has undergone a colour change to bring it in-line with the rest of the commercial lawnmower range. With all decks and chassis finished in our signature durable grey, and all features and levers painted in metallic silver.

PRO ALUMINIUM GEARBOX

The Intrepid 80 LVP features a heavy duty commercial PRO 3 speed gearbox. Manufactured with high quality aluminium casing and hardened steel internal components, ensuring precise and reliable drive.

PROFESSIONAL POWER

The X200H engine offers anexceptionally reliable horizontal engine with professional performance. With 196cc and high power output, the Intrepid 80 LVP has all the power required to offer unrivalled suction when collecting leaves and debris.

VACUUM HOSE INCLUDED

For hard to reach areas such as the corners of lawns or up against kerbs in car parks. The 80 LVP also includes a high quality durable 3m vacuum hose with 5" diameter. Fitted with a steel handle to guide the hose.

BAG SUPPORT FRAME

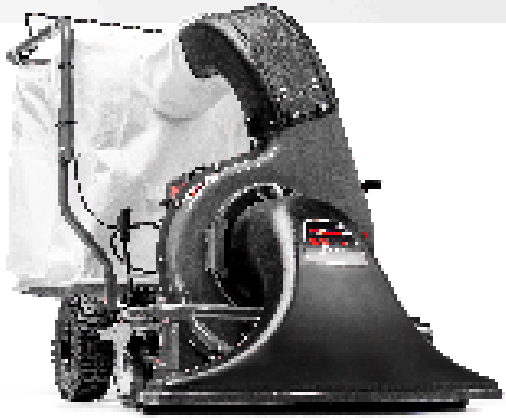

New rear support frame with integrated castor wheel. The frame supports the bag when full and while being emptied, and the castor wheel adds support to stop front lifting when the bag is heavy with material.

80 LVP FEATURES

80cm leaf & litter vacuum, WEIBANG X200H engine, PRO 3 speed, 240L collector and 3m hose kit.

1 year COMMERCIAL WARRANTY

LEARN MORE ABOUT THE 38 SCP

Model	**38 SCP**
Working Width (cm/”)	38 / 15
Deck Material	Steel
Blade Type	22 Swing Tip Blades
Blade Material	Carbon Steel
Transport Mode	Yes
Engine Model	WEIBANG X200H (Loncin)
Collector (L)	40
Ground Penetration (mm)	14
Working Heights	22mm (Infinite Adjustment)

38 SCP KEY FEATURES -

- 15” / 38cm Steel Deck
- 22 Carbon Steel Swing Tip Blades
- Working & Transport Modes
- Maximum 14mm Ground Penetration
- 22mm of Height Adjustment
- WEIBANG 196cc Engine (X200H)
- Quick Release Folding Handles
- 40L Collector with Quick Attach Design
- Heavy Duty Wheels

INTREPID HIGHLIGHTS

PROFESSIONAL SCARIFIERS

38 SCP / 48 SCP

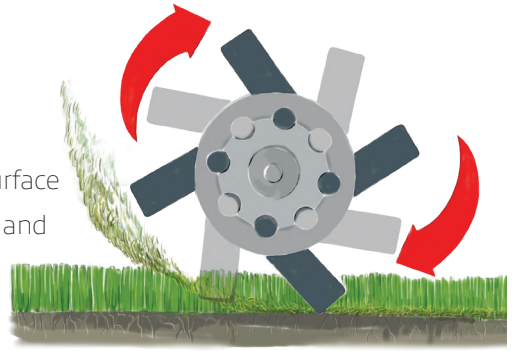

POWERED BY WEIBANG

The WEIBANG (Loncin) X200H offers an exceptionally reliable horizontal engine with professional performance. With 196cc and high power output, the Intrepid scarifier range has all the power required to offer a high quality consistent finish to grass areas.

LAWN SCARIFYING

Scarifying is the process of removing moss, thatch and other dead material from the surface of the lawn. This process allows light, water and nutrients to reach the grass roots to give a thicker, greener and healthier looking lawn.

HARDENED SWING TIP BLADES

The design of the scarifier cassette features swing tip blades manufactured from highly durable carbon steel. Protecting the machine from contact with obstacles such as stones and tree roots.

COMMERCIAL LIVERY

The Intrepid range has undergone a colour change to bring it in-line with the rest of the commercial lawnmower range. With all decks and chassis finished in our signature durable grey, and all features and levers painted in metallic silver.

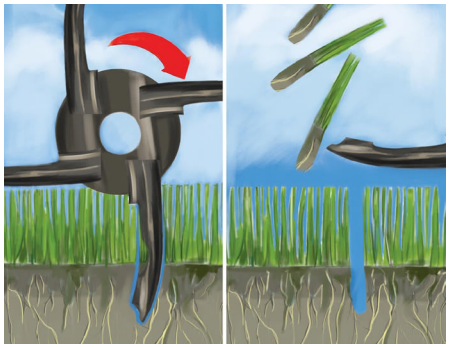

NEW HANDLE DESIGN

Our tried and tested handle system from the commercial lawnmowers has now been added to all Intrepid scarifier models, offering a raised handle with the same rubber grip and lever.

LAWN AERATING

Lawn aerating is the process where tines penetrate the surface of the lawn to allow water and nutrients into the grass roots. Our Intrepid 51 ARP is a 51cm solid tined aerator.

INTREPID 48 SCP

PROFESSIONAL 18” / 46CM SCARIFIER

Suitable Area	up to 4000m²

51 ARP KEY FEATURES -

- 20" / 51cm Heavy Duty Steel Chassis
- 30 Solid Tines (5 sets of 6)
- Working & Transport Modes
- 70mm Ground Penetration
- Removeable Bob Weights
- WEIBANG 196cc Engine (X200H)
- Folding Handles
- Industrial Grade Cassette Bearings
- Heavy Duty Front & Side Bumpers

INTREPID HIGHLIGHTS

51cm / 20" AERATOR

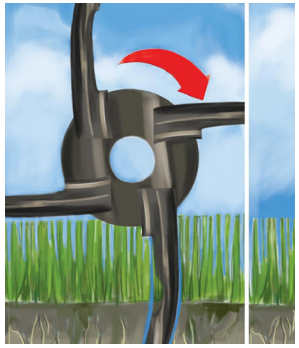

51 ARP

POWERED BY WEIBANG

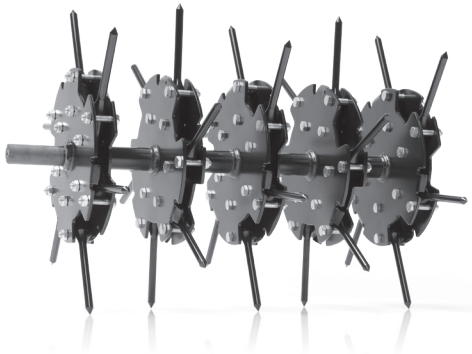

The WEIBANG (Loncin) X200H offers an exceptionally reliable horizontal engine with professional performance. With 196cc and high power output, the Intrepid scarifier range has all the power required to offer a high quality consistent finish to grass areas.

LAWN AERATING

Aerating with solid tines involves driving solid spikes into the lawn to create small holes in the soil. Solid tine aeration can reduce surface compaction and enhance root growth, promoting a healthier lawn.

HEAVY DUTY SOLID TINES

6x 10mm diameter solid tine sets, offering ground penetration of 70mm. Covering up to 1700m²/h, the Intrepid can cover large areas fast for high productivity on sports pitches, formal lawns, parks and more.

52KG BOB WEIGHTS

The Intrepid aerator features 3 removable bob weights for additional ground pressure in tougher soil. At 2 x 16kg and 1 x 25kg, the bob weights offer 57kg of extra weight to ensure full ground penetration.

NEW 51CM AERATOR

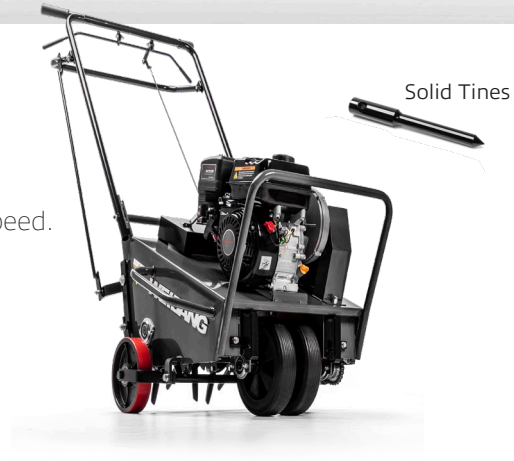

Features a wider working width of 51cm / 20" to cover large areas with high productivity. As with all Intrepid models the chassis is now finished in our signature durable grey, and all features and levers painted in metallic silver.

51 ARP FEATURES

51cm solid tine aerator, WEIBANG X200H engine, 7cm working depth and single speed.

INTREPID 35 SGP

PROFESSIONAL STUMP GRINDER

P/N: WGVT58

WEIBANG®

POWERED by HONDA

1 year COMMERCIAL WARRANTY

LEARN MORE ABOUT THE 35 SGP

Model	**35 SGP**
Chassis Material	Steel
Cutting Disc	Steel (355mm / 13kg)
Grinding Teeth	8 - Replaceable
Teeth Material	Carbide Tipped Steel
Engine Model	Honda GX390
Engine Power (cc/kW)	389 / 8.7
Wheel Brake	Yes
Adjustable Handles	5 Position Quick Adjust
Working Heights	-229 / +534mm

35 SGP KEY FEATURES -

- Heavy Duty 13kg Steel Cutting Disc
- 8 Replaceable Carbide Steel Teeth
- Honda GX390 389cc Engine
- Heavy Duty Steel Chassis
- Large Pneumatic Tyres
- Single Lever Wheel Brake
- Industrial Grade Bearings
- Dual Belt Drive
- 5 Position Quick Adjust Handles

INTREPID HIGHLIGHTS

PROFESSIONAL STUMP GRINDER & TURF CUTTER

35 SGP / SC 409 H

WEIBANG®

46CM / 18" WORKING WIDTH

The SC409H turf cutter features a working width of 46cm / 18" allowing for easy access through standard sized gateways to access lawns. The large transport wheels have a quick release coupling for easy removal when ready to work.

ADJUSTABLE HANDLE & BRAKE LEVER

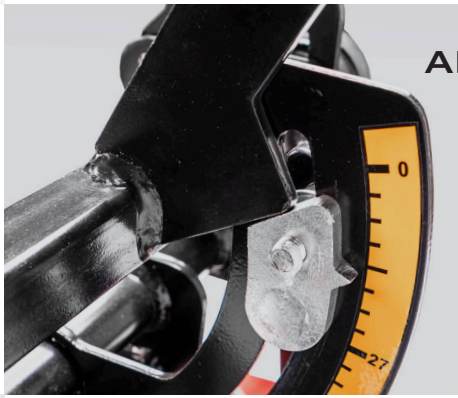

The handles of the 35 SGP stump grinder are fully adjustable with 5 quick select positions to suit the operator. The large handlebar ensures control, and the single wheel brake lever allows efficient grinding.

8 CARBIDE TIP GRINDING DISC

Consistent grinding requires high inertia and quality cutting teeth, fortunately the 35 SGP stump grinder features a solid steel 355mm disc weighing in at 13kg and mounted with 8 replaceable carbide tipped grinding teeth for reliable performance.

ADJUSTABLE ANGLE & DEPTH

The Intrepid SC409H turf cutter features fully adjustable working depth and blade angle, ensuring you get the desired turf for the job at hand. Once done, the settings remain locked in place for future use.

EASY TRANSPORTATION

The Intrepid SC409H turf cutter is easily transported thanks to large wheels and 2 speeds for either transporting or working. A rear mounted heavy duty spring offers suspension to dampen shocks from the handles.

POWERED by HONDA™

Stump grinding and turf cutting require strong power output. To ensure the highest levels of performance we chose the Honda GX commercial series, with the 35 SGP fitted with the GX390 featuring 8.7kW, and the SC409H with a GX270 featuring 6.3kW.

INTREPID 87 MBP

COMMERCIAL 34.2” / 87CM MOSS BRUSH

P/N: WGVT60

WEIBANG®

1 year COMMERCIAL WARRANTY

POWERED BY WEIBANG

LEARN MORE ABOUT THE 87 MBP

Model	**87 MBP**
Working Width (cm/”)	87 / 34.2
Chassis Material	Steel - Hammerite Finish
Brush Type	Stainless Steel (WG35350012)
Optional Brush	Nylon (WG35350013)
Brush Height Adjustment	Locking Screw
Brush Direction	Clockwise / Anticlockwise
Engine Model	WEIBANG XCV200 (Loncin)
Adjustable Handles	Yes
Storage / Transport Position	Yes

87 MBP KEY FEATURES -

- 34.2” / 87cm Working Width
- Adjustable Brush Direction
- Transport Position
- Nylon & Steel Brush Options
- Puncture Proof Tyres
- WEIBANG 196cc Engine (XCV200)
- Adjustable Brush Pressure
- Reinforced Brush Head Webbing
- Maintenance Position

INTREPID HIGHLIGHTS

COMMERCIAL MOSS BRUSH

87 MBP

WEIBANG®

ADJUSTABLE BRUSH DIRECTION

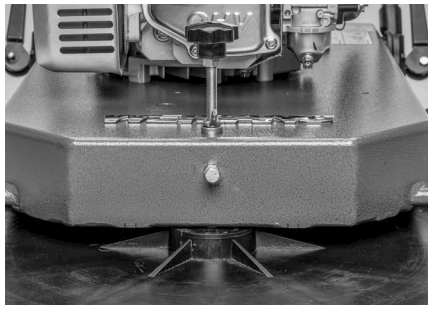

The direction of the brush head can be controlled by the central lever, simply engage to the right for clockwise sweeping, or to the left for anticlockwise. When central the brush head is in neutral. The dual belt design features a tensioner system to prolong belt life.

TRANSPOSRT POSITION

As a commercial machine, the 87 MBP features fully foldable handles to reduce the footprint of the machine for easy transport between jobs or for storing in the workshop.

MAXIMUM DURABILITY

As a commercial product, the brush head features reinforced webbing on the underside and on top to ensure a rigid platform for maximum performance and additional durability.

*The machine includes a single debris curtain which can be fitted to the left or right of the machine

87CM WORKING WIDTH

High productivity across large open spaces, as well as the ability to clean up against walls or kerbs. The removable debris curtain can be mounted to the left or right of the machine to control the spread of debris.

PUNCTURE PROOF TYRES

The 87 MBP is fitted with heavy duty puncture proof tyres, featuring a thick supportive solid rubber body. This robust construction eliminates the risk of punctures, ensuring maintenance free operation and zero downtime compared to traditional pneumatic tyres.

NYLON & STEEL BRUSHES

The 87 MBP features a highly durable stainless steel brush to effectively clear hard surfaces of moss, weeds, debris and more. For sensitive areas the optional nylon brush offers a more forgiving treatment to clear leaves and dirt.
